DYLAN BRASIL SANTOS

ASPIRING DATA SCIENTIST

ABOUT ME

Third-year Computer Science BSc student at Oxford Brookes University with Python experience in computer vision and software development. Interested in applying data analysis and machine learning to real-world problems, particularly video game engagement.

SKILLS

- **Programming:** Python, Java, C / C++
- **Libraries/Frameworks:** OpenCV, Pygame, djitellopy, Pandas, NumPy, SQL, scikit-learn
- **Technical Skills:** Computer vision, facial detection/tracking, real-time video processing, debugging & testing
- **Tools:** Git/GitHub, Microsoft Excel, Microsoft Office

EDUCATION

OXFORD BROOKES UNIVERSITY

BSc Computer Science **(2024 - 2027) (expected)**

- Relevant modules:
  - **Computer Science Applications**
  - **Artificial Intelligence**
  - **Databases**
  - **Problem Solving & Programming**
  - **Professional Programming Practice**

(2022 - 2024) EASTBROOK SIXTH FORM

Business: A | Computer Science: B | Mathematics: C

PROJECTS

Predicting Video Game Engagement (BSc Dissertaion - In Progress)

- Investigating machine learning approaches to predict player engagement using cross-game data using Steam datasets.

DroneVision – Facial Tracking & Keyboard-Controlled Drone

- Developed a drone-control application featuring real-time facial tracking, live video streaming and keyboard controls.

WORK EXPERIENCES

(2026-now) VENUE & EXPERIENCE HOST

Ted's Crazy Golf

- Deliver customer-focused experiences while coordinating venue activities and maintaining smooth operations.

(2023-2024) CENTRE MANAGER / SUPERVISOR

Boost Education

- Coordinated daily operations, supported staff and resolved customer issues to maintain efficiency.

(2023-2023) IT TECHNICIAN ASSISTANT

Eastbrook School

- Troubleshot harsware and software issues, providing technical support and explaining solutions to users.

INTERESTS

- Video Games
- Music
- Artificial Intelligence
- Emerging Technology
